OUR NEW BUILDING AT 12 EAST 40TH STREET, NEW YORK

INTRODUCTORY

THIS SPECIAL LIST, describing a selected number of carpets of various high grade Persian and Chinese weaves, is presented out of an extensive stock which is regarded as the largest and most complete in the United States. We shall be pleased to send you for approval any rug that may be required, transportation charges to be defrayed by you.

The few plates of our own Shahristan weave in this list illustrate an important feature of our work. Woven on our looms in the Orient from special designs, they particularly appeal to those who find it difficult to secure in the market rugs to fulfill in size, coloring and design their decorative requirements. We would be pleased to submit original sketches prepared by our staff of artist designers for orders to be executed on our Shahristan looms. Prices range from three to eight dollars a square foot, according to quality.

One of the floors in our building is devoted entirely to the display of rare examples of the earliest periods only, which will interest the collector and connoisseur. These specimens are not included in the present list.
